

Rocky Hill Public Schools

Home Connections - Grade Kindergarten

Parents/Students: As you are aware, the situation with Covid-19 is changing on a daily basis. Given all of the various factors and considerations involved, Rocky Hill Public Schools has made the decision to close from March 16 - 27, 2020. In an effort to ensure instructional consistency for our students we are providing the following supplemental learning opportunities. It would be optimal for students to spend some time engaging in daily reading, writing, and math activities. Please visit the Rocky Hill Public School's website regularly as we will continue to update the information as this unprecedented situation continues to unfold.
