

The Extended School Program would like to thank the parents that depend on the program to provide childcare. Your trust and support are greatly appreciated. We consider it an honor to have your child(ren) participate in ESP and hope that we can continue to provide this service to your family.

The district has always been mindful of the costs that are associated with raising a child, not to mention several. As a program, the goal has always been to keep fees low while providing a safe and regulated environment. We are working to continue to provide quality services to everyday participants. In order to continue to provide this quality service, ESP will need to increase tuition effective June 1, 2020.

We understand that the circumstances that we are living in are unprecedented and there may be families that will need additional time to pay weekly tuition. Every effort will be made to work with each situation. Do not hesitate to give us a call. Thank you for understanding. We look forward to another year of working with you.

Rates effective June 1, 2020
