#### **Author of Course Guide**

Mariann Schirizzo

#### **New Milford's Mission Statement**

The mission of the New Milford Public Schools, a collaborative partnership of students, educators, family and community, is to prepare each and every student to compete and excel in an ever-changing world, embrace challenges with vigor, respect and appreciate the worth of every human being, and contribute to society by providing effective instruction and dynamic curriculum, offering a wide range of valuable experiences, and inspiring students to pursue their dreams and aspirations.

#### **Health Education Grade 3**

Third grade health will provide students the opportunity to explore, create, practice and reflect to better understand what it means to be socially, emotionally and physically healthy. Students will learn the importance of healthy communication as a means of self advocating as well as advocating for others in need. The course is broken into two large units. The first unit addresses the social and emotional aspect of wellness and the second focuses on physical health and self-management. Unit 1 topics include personal safety relating to in-person relationships, the relationship with self and online-only friends; decision making; conflict resolution (including bullying). Unit 2 topics include disease prevention and allergy care; respiratory health; the importance of physical activity in our everyday life; the dangers of smoking and chewing tobacco; nutrition and food safety; and environmental health and awareness.

# Pacing Guide

Each class currently meets once every 6 days for 30 minutes, and students will receive approximately 30 sessions during the school year. A suggested progression is outlined below.

Session	Unit	Lesson	
#	#	Title	
1-3	1	Decision Making for Ferson V Safety	
4-6	1	Relationship Managers of	
7-9	1	Self Esteem	
10-12	1	Self Advocacy / Conflict Resolution	
13-15	1	Cyber S. fety	
16-18	2	ease Levention	
19-21		Lesp atory System	
22-24		Drug Abuse Prevention - Smoking	
25-27	2	Nutrition	
28-30		Environmental Health	

## **Stage 1 Desired Results**

#### **ESTABLISHED GOALS**

**Standard 4:** Students will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks

**Standard 5:** Students will demonstrate the ability to use decision-making skills to enhance health.

**Standard 7:** Students will demonstrate the ability to practice health-enhancing behaviors and avoid or reduce health risks.

**Standard 8:** Students will demonstrate the ability to advocate for personal, family, and community health.

# CT Sexual Health Education Standards

**Standard 1 -** Students will comprehend concepts related to physical, mental, emotional, and social development and the impact on self and others.

#### Transfer

Students will be able to independently use their learning to...

- Live a healthy life by making safe choices and decisions regarding relationship management, self esteem, decision making; self-advocacy and advocating for others, and cyber safety.
- Participate in safe activities that provide we sess throughout life.

# UNDERSTANDINGS

Students will understand that.

- We all deserve to be respected, feel safe and comfortable it all our relationships in person and online.
- In order to have healthy relationships your others, we must first have a health, sent teem.
- Communicating our feelings and asking for help when needed is important to our social, emotional and physical wellbeing.
- Students' bodies are their own and they always have a right to say no to ANY situation or person that makes them feel uncomfortable.

# ESSENTIAL QUESTIONS

Students will keep considering...

- How can we identify our relationships in person and online as healthy or unhealthy?
- What are characteristics of positive and low self esteem?
- What are skills we can learn to keep safe and healthy around grown ups and peers?
- What is a trusted adult, and who are trusted adults in my life?
- Who could I go to for support when I need help?

**Standard 3:** Students will demonstrate the ability to practice health-enhancing behaviors to avoid and reduce sexual health risks.

**Standard 5:** Students will demonstrate the ability to use interpersonal communication skills to avoid or reduce health risks and contribute to sexual health.

## CCSS.ELA-LITERACY.SL.3.1

Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on *grade 3 topics and texts*, building on others' ideas and expressing their own clearly.

## CCSS.ELA-LITERACY.SL.3.4

Report on a topic or text, tell a story, or recount an experience with appropriate facts and relevant, descriptive details, speaking clearly at an understandable pace.

 Assertive communication is essential when advocating for yourself or others.

 What skills are needed in order to assert for oneself?

## Acquisition

#### Students will know...

- how to make health decisions and when to seek help with those decisions.
- how to explain the ways that rules make the classroom, school and community safer.
- how to describe self steep a describe explain why a positive self esteem is important to a health, you
- how to identify what it ences both positive and low self esteem.
- b w to i entity tramples of personal information that should never be shard online.
- how to stay cybersafe.
- how everyone deserves to feel respected, and safe.

Students will be skilled at...

- Identifying trusted adults and professionals who can help with health related decisions.
  - Demonstrating healthy ways to express needs, wants, feelings, as well as listening skills to enhance health.
- Demonstrating ways to respond to unwanted, threatening, or dangerous situations.
- Articulating influences of both positive and low self esteem.
- Recognizing safe and unsafe online situations
- Demonstrating how to stay safe when exploring the internet and communicating online.
- Demonstrating 5 steps to being a super upstander for themselves and others.

		Stage 2 – Evidence
Code	<b>Evaluative Criteria</b>	Assessment Evidence
		PERFORMANCE TASK(S):
		Students will show that they really understand evidence of
		Goal: Students will design a visual representation depicting
Т	Visual assessment	a trust triangle that will identify at least three safe grow-ups they may access for emotional or social support.
M	<ul> <li>Students may share their</li> </ul>	Role: Developers
	representation with their peers	Audience: X ache 'peers
	roprocessions that the position	Situation: Classroom
М	Teacher will provide feedback	Produce: Sua collage
	provide a secondaria	Success: Completion of the "trust triangle" with at least one
		grown - that is not a family member.
_		Students will design an artistic representation
Т	<ul> <li>Visual assessment</li> </ul>	depicting all of their positive self traits called the "Me Tree".
		Role: Developers
M	Students may share their	Audience: Teacher and peers
	representation with their peers	Situation: Classroom
M		Product: Visual art project
	Teacher will provide feedback	Success: A complete "Me Tree" including at least 6
		positive self traits.
<del>-</del>	Ta a ale a quill mass i de impressione	Ocale acceptable accept "Talling Cafely Onling"
Т	Teacher will provide immediate	Goal: successfully answer "Talking Safely Online"
	feedback in a whole group setting	questions summative assessment

M	Students will earn their Cyber Safety  Parent was a smaleting of the write	Success: Get at least 4 out of 5 correct
	Permit upon completion of the unit.	

T, M M A, T	Teacher may use dry erase boards for immediate responses from 100% of the class.  Teacher will facilitate acting to keep focus and engagement of all students.  OTHER EVIDENCE: Students will show they have as Exit Slips (Formative assessme • How can our feelings aff • Why can it be helpful to a • Who are some people you Cyber Use contract signed by a Role Plays	nt): ect our behaviors? ask for help? ou can ask/go to for help?
Stage 2 Learning Plan		

Stage 3 – Learning Plan		
Code	Pre-Assessment	
A, M	Students will have successfully completed the first 6 lessons from the Safer, Smarter Kids curriculum in K-2, as evidenced by a brief matching activity on day one.	
A, M	When prompted with an essential question, students will participate in a turn and talk and whole group discussion of prior knowledge relevant to the new topic.	

	Summary of Key Learning Events and Instruction Student success at transfer meaning and acquisition depends on	Progress Monitoring
M, A	Personal Safety (We Care and SSK Curriculum):  • Students will create a Safe Space Hand Contract as we establish classroom expectations.	<ul> <li>Teacher will record expectations onto paper as students discuss openly.</li> <li>Teacher will provide SSK video and visual aid on wall.</li> </ul>
Т	<ul> <li>Students will watch a video to help recall prior knowledge of 6 safety tools.</li> </ul>	Teacher will provide SSK "schoolyard" on interactive SmartBoard
Α	<ul> <li>Students will complete a matching activity to reinforce the 6 safety tools.</li> </ul>	Teacher will provide the SSK video and scilitate discussion; writing students
Α	<ul> <li>Students will use their "safety goggles" to spy undefe situations in the schoolyard.</li> </ul>	responses on the board.  Teacher will provide list of emotions, "How
M	Students will view a video and be challer ged requirements of a "grown up buddy".	would I feel" situations, and facilitate whole group discussion.
A, T	Students will work in small groups; read a vituation and determine if grown up help is needed; with and how can the grown up help; present findings to peers.	
А	Relationships:  • Students will brainstorh vpes of relationships.	<ul> <li>Teacher will provide place cards and behavior cards; guide whole group</li> </ul>
M, A	<ul> <li>Students will sort relationship behaviors into safe or unsafe categories.</li> </ul>	conversation
M	<ul> <li>Students will listen to a read-aloud of "Stand Tall Molly Lou Melon" or other related title to better understand the concept of self-esteem.</li> </ul>	Teacher reads the story and uses guiding questions to help students define self-esteem.  Teacher illustration to teach a little distration.
M	Students analyze the main character in small groups by assigning character traits that best describe Molly.	<ul> <li>Teacher will provide students with a list of character traits from which to choose.</li> </ul>
	BOE Approved March 2	021

A, T	Students will brainstorm strategies for improving or maintaining a healthy self-esteem.	Teacher will generate a list of tools and strategies for students.
M, A	<ul> <li>Cyber-Safety: (Safer Smarter Kids Curriculum)</li> <li>Students will view SSK video and recall 4 rules for the Cyber Highway. (or related video).</li> </ul>	Teacher will provide video and write rules on
A, T	<ul> <li>Students will practice applying these rules with given scenarios.</li> </ul>	<ul><li>the Smartboard as students recall them.</li><li>Teacher provides the scenarios.</li></ul>
Α	Students will sign a contract promising to abide by the 4     Cyber Highway Rules	To cher will email the Cyber Highway Convact to families via the Parent Portal in
M	<ul> <li>Students will create their personal cyber safety learners permit.</li> </ul>	dvance in an effort to include and engage families in this important safety skill.
M, A	<ul> <li>Conflict Resolution:</li> <li>Students will participate in an online interactive         HealthTeacher.com presentation (or similar content)</li> </ul>	<ul> <li>Teacher will provide the contracts and other class supplies; review the meaning of a contract and assist students with cursive writing skills.</li> </ul>
A, T	<ul> <li>Students will practice using the 4 steps to being a super upstander.</li> </ul>	withing states
A, T	Students will watch a <b>victor</b> der constraing the steps to conflict resolution (Branpop acond communitar video).	<ul> <li>Teacher will provide access to interactive program and facilitate student participation.</li> </ul>
Т	Class is divided into 4 stups and must act out given situations demonstrating a sertive communication.	Teacher will lead whole group practice session.
	Supplemental Self-Guided Remote Learning Activities:  • Healthy Relationships - "Friendship Soup" Students access lesson from Google Classroom and are invited to launch a Pear Deck interactive lesson, follow	<ul> <li>Teacher will cue video and answer questions.</li> </ul>
	prompts to view a video, respond to open ended questions, and draw a picture of their understanding.  • Self Esteem - Students visit a website to listen to or	<ul> <li>Teacher provides situations and feedback to aid students as they practice being assertive.</li> </ul>

read an article and then engage in an online self assessment. **Decision Making** - Students are presented with various scenarios on Google Classroom and are invited to make a choice that will help the character feel safe, respected and happy. Students will have the ability to • Teacher prepares the pear deck add-on in a read the responses written by their peers, as well. google slide presentation using elements taken from "The NedShow Lesson -Friendship Soup" or similar source content. To cher provides the links to Kidshealth.org site or similar. Teacher provides the scenario with guiding thoughts presented in a google slide presentation. Teacher will monitor the comments providing feedback to ensure lesson-focused and respectful communication between students.

#### **Unit 1 Recommended Resources**

#### Books:

- Stand Tall Mary Lou Melon
- I'm Gonna Like Me Letting off a Little Self-Esteem

#### Videos:

- Safer Smarter Kids Trust Triangle Video
- Safer Smarter Kids Tool belt Review Video
- Friendship Soup
- Safer Smarter Kids CyberSafety Video
- BrainPopjr.com
  - Friends
  - Conflict Resolution
- Health for Children Video Series (NMPS owns this video collection and is located in the SNIS health classroom)
  - Stay Safe: Cyberspace
  - Decisions and Conflicts

#### **ESTABLISHED GOALS**

**Standard 1:** Students will comprehend concepts related to health promotion and disease prevention to enhance health.

**Standard 4**: Students will analyze the influence of family, peers, culture, media, technology and other factors on health.

**Standard 6**: Students will demonstrate the ability to use decision-making skills to enhance health.

**Standard 8**: Students will demonstrate the ability to advocate for personal, family and community health.

**Standard 14**: Students will choose physical activity for health, enjoyment, challenge, self-expression and/or social interaction to sustain a physically active lifestyle.

#### Transfer

Students will be able to independently use their learning to...

- Live a healthy life by making safe choices and decisions regarding disease prevention, healthy eating and food safety; drug abuse precention and the dangers of smoking; physical activity and respiratory health; all environmental health.
- Participate in activities that promot wellness throughout life.

# Meaning FSSE

# UNDERSTANDINGS Students will understand that...

- The human body has many natural ways to protest us from germs, but we stall have to make safe choices to prove a many diseases.
- The function of the immune system.
- Pathogens can hide in our foods if we do not handle and store foods safely.
- The respiratory and circulatory systems are interdependent on one another.
- Choosing foods from all five foods

# ESSENTIAL QUESTIONS Students will keep considering...

- What are some healthy choices we can make to stay healthy?
- Which influences impact my healthy behaviors and decisions?
- What behaviors can I practice to help in disease prevention?
- How will cardiovascular activities impact my respiratory and circulatory systems?
- How can eating foods from all 5 food

#### CCSS.ELA-Literacy.RI.3.1

Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers

### CCSS.ELA-Literacy.RI.3.7

Use information gained from illustrations (e.g., maps, photographs) and the words in a text to demonstrate understanding of the text (e.g., where, when, why, and how key events occur).

### CCSS.ELA-Literacy.W.3.8

Recall information from experiences or gather information from print and digital sources; take brief notes on sources and sort evidence into provided categories.

#### CCSS.ELA-Literacy.SL.3.1

Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on *grade 3 topics and texts*, building on others' ideas and expressing their own clearly.

groups everyday will keep us healthy

 Humans have the greatest impact on the environment than any other animal in the world, and therefore have a duty and responsibility to care for it. groups improve my health?

 How can I make responsible decisions to keep myself and the environment healthy?

## **AcquisitionSHould**

#### Students will know...

- The human body naturally defends itself against pathogens - skin, mucro cilia, ear wax, stomach acid and immune system.
- Allergies are connected to the anotion of the immune system.
- There are many common food allergens.
- anarchiaxis is a lift threatening condition and courses an immediate
- The hapan respiratory process works together with the circulatory system to keep the body healthy.
- there are both healthy and unhealthy life choices and activities that will negatively affect the respiratory and circulatory systems.
- Eating foods found on Myplate will

Steelents will be skilled at...

- identifying and finding potentially
   dangerous foods for people who suffer from food allergies by reading food ingredient labels/lists.
- how to handle an anaphylaxis emergency.
- how to find their own pulse.
- evaluating their own personal exercise response and adjusting their level of activity to meet their personal health goals. (I.E. move faster or work harder in order to elevate heart rate and breathing)
- demonstrating healthy decision making as it relates to smoking and chewing tobacco products.
- food safety procedures and the right way to store food.
- choose healthy snack foods for school and at home.

help to improve our overall wellness. practicing and encouraging others to reduce, reuse and recycle everyday items • There are several ways to keep food in an effort to reduce the amount of waste and pollution humans currently produce. safe from pathogens. • Reducing waste production at home and at school is important for a healthy environment. • what a slogan is; how it is used and how to write one to help others improve their health habits. • the effect smoking has on the Respiratory system.

Stage 2 – Evidence		
Code	Evaluative Criteria	Assessment Evidence
		PERFORMANCE TASK(S):
		Students will show that they really understand evidence of
		Food Allergies:
T, A	<ul> <li>A successful student (detective) will be</li> </ul>	Goal/challenge - Ingredient List Detectives
	able to make safe food choices for	Role for student - Detective
	peers with certain food allergies.	Audience - peers
		Situation - Investigating food Ingredient labels and packages
		Products and performaces - Detectives will be given food labels
		and ingredient lists and they must search and find all common
		allergens.  Standards/cr.teria or judging success - Successful completion of
		this task will remonstrate that students can identify common food
		allergens and a manstrate they know where to look for them on a
		food, ackage abel.
		Respiratory Topic:
M, A	Greeting cards must be neat, contain	Foat shallenge - Students will create a greeting card with a
	at least 2 negative consequences of	rsuasive slogan and message to a loved one to help them quit
	smoking; proper use of content specific	Role for student - Author
	vocabulary; artwork must show leta.	Audience for student work - a loved one
		Situation - Recall ways smoking can negatively impact our health
		<b>Products</b> - Student will create the card and persuasive slogan and
	Y	message
		Standards/criteria for judging success - Persuasive slogan and
	·	message must contain at least 2 negative consequences of
T 4		smoking and at least one positive impact of quitting
T,A		Conflict Decelution/Anti Dullying
	Process must demonstrate proper use	Conflict Resolution/Anti Bullying: Goal/challenge - Role play how to stand up to a bully
	of strategy chosen; assertive	Role for student - Student will take on the role of bully target.
	communication must be clearly	Audience for student work - peers
T, A	observed.	<b>Situation</b> - Age-appropriate bullying situation seen in elementary
,		school venues (bus, recess, park, home, classroom, cafeteria)

	<ul> <li>If a bullying situation is used, then additional steps of gathering friends must be observed.</li> <li>Products and performances - students will perform a skit for peers Standards/criteria for judging success - Students must demonstrate and use 4 steps of conflict resolution, plus 1 additional step for managing a bully.</li> </ul>
T,A	<ul> <li>Impact should be engaging for the observer; content should be accurate; neat writing and artwork should be present.</li> <li>Nutrition:         <ul> <li>Goal/challenge - Students will create a food vending machine that only provides snacks from each of the 5 food groups. To fill the vending machine students will learn how to navigate a food circular and make healthy choices</li> <li>Role for student - a flish reator</li> <li>Audience for student work - peers throughout the school</li> <li>Situation - SY DAL SU Sessfully navigate a food circular and</li> </ul> </li> </ul>
T.M.A	identify appropriate rods  Products not erformances generated by student - Students will create a sending machine filled with healthy choice snacks from each foe group  Signards criteria for judging success - Vending machines must include 5 rows of foods with at least 4 food choices in each row.
T,M,A	<ul> <li>PSA should be clearly written, original and persuasive; artworks bould obtain support the slogan; writing hould neat with minimal sp. Ving.</li> <li>Poal/challenge - Advocate for our environment Role for student - Become a Slogan author and clothing designer Audience - Peers</li> <li>Situation - Art Project</li> <li>Products and performances - students will generate a PSA slogan that supports the 3 R's - Reduce, Reuse, Recycle in an effort to reduce the amount of trash people produce.</li> <li>Standards/criteria for judging success - Final product must include an original persuasive slogan and supporting artwork on the front of a T-Shirt template.</li> </ul>

		OTHER EVIDENCE: Students will show they have achieved Stage 1 goals by
M, A	<ul> <li>clear and proper use of content specific vocabulary.</li> </ul>	Respiratory:  • exit slip - explaining how the diaphragm allows breathing to happen
М	<ul> <li>writing should be neat and chart organized and easy to read</li> </ul>	T-Chart and diagram labeling
M, A	<ul> <li>Paper diaphragm should moved up and down freely depicting airflow through the human body</li> </ul>	Art project - cut and paste activity when successfully completed demonstrates how the respiratory works
T, A	<ul> <li>Each class poster must be neat; colorful; correct foods drawn in appropriate sections of myplate; responses added to the poster must agreed upon as a group and approved by the teacher</li> <li>4 steps to food safety should be clearly identified.</li> <li>Students must recall pecifical tails relating to the 4 food safety steps as well as how to be safe with leftover foods.</li> </ul>	<ul> <li>Nutrition:</li> <li>My National States poster - Each group will represent a different od group and must complete a unique task (word search, wordscrämble, fill-in/word bank; crossword) Once task is complete, they will read their completed work to find the best answer to the EQ "Why is it important to eat from all 5 food groups?". The finished product will be a class MyPlate poster. In each section we will find important health benefits of eating foods from each food group as well as illustrations of food examples.</li> <li>Food safety Do now review (Nourishinteractive or similar source)</li> <li>"How safe are you in the kitchen" Game Show using Smartboard Spinning wheel with 7 categories listed. T will ask a question related to each category. students can answer or poll the audience for assistance.</li> </ul>

Stage 3 – Learning Plan			
Code	Pre-Assessment		
M, A M, A M, A	<ul> <li>To assess what students recall about germs and nutrition, they will complete a small group activity</li> <li>Whole group discussion will allow me to identify what students know about the respiratory system</li> <li>KWL charts will allow students the opportunity to share prior knowledge about exercise, the dangers of smoking and environmental health.</li> </ul>		
M, A	Disease Prevention:  • Hear a read aloud of the book Body Battles (or other related text)	Progress Monitoring  Teacher (T) will provide the story and read out hud or find an audio book to share	
T, A	Students will use context clues and details from the story to recall 6 ways the human body defends itself from pathogen invaders.	T will provide a fun activity for students to complete that will reveal the 6 ways the human body defends itself from germs.	
T ,M, A	<ul> <li>Students will explore what happens to the immune system when certain allergens are present, using "Suzie Symptoms" by Kyle Dine or other related materials.</li> </ul>	T will use Smart Board and guide students in a whole group setting discussion.	
T, A	Students will practice identifying common allergens by connecting the written word b its large and then they will practice finding them in a trial food ingredient.	T will provide video and emergency situations. T will facilitate whole group conversations.  T will provide video and emergency situations.	
T, A	<ul> <li>After watching a Youtube video on a respiratory emergency involving anaphylaxis students will practice what to do if someone experiences an allergy emergency.</li> </ul>	<ul> <li>T will provide access to the Podcast or similar source and guide discussion.</li> <li>T will provide an exemplar of the finished product and provide step by step instructions.</li> </ul>	
M, A	Respiratory System:  • Students will listen to a podcast and recall the parts and function of the respiratory system.	T will lead the whole group discussion and keep track of answers on a master T-chart.	

uidente will construct a nanor representation of the
<ul> <li>T will cue the video and pause for Q&amp;A as needed.</li> <li>T will cue the video and pause for Q&amp;A as needed.</li> <li>T will provide one on one guidance to find heart rate and provide a class size chart to help interpret the numbers.</li> </ul>
<ul> <li>Physical Activity -         <ul> <li>It will use SmartBoard presentation to guide discussions and ask guiding questions as conclusions are drawn.</li> </ul> </li> <li>T will use SmartBoard presentation to guide discussions and ask guiding questions as conclusions are drawn.</li> <li>T will use SmartBoard presentation to guide discussions and ask guiding questions as conclusions are drawn.</li> <li>T will use SmartBoard presentation to guide discussions and ask guiding questions as conclusions are drawn.</li> <li>T will use SmartBoard presentation to guide discussions and ask guiding questions as conclusions are drawn.</li> </ul>
ter learning how to take a pulse, students will perform a experiment to find out how the body responds to arying levels of exercise difficulty. They will drate onclusions to help them identify the appropriate level difficulty that will help to improve one's health
of Smoking and chewing Tobacco:
nd discuss dangers of smoking with peer in a turn bank.  nd talk.
<ul> <li>T will provide the scenarios and facilitate whole group discussion as groups present their situations and opinions.</li> <li>T will provide the scenarios and facilitate whole group discussion as groups present their situations and opinions.</li> <li>T will provide clean straws for each student</li> </ul>
