Directions:

Included in this product are cards that can be used on the tabletop, floor, or pocket chart for matching activities. I have included 40 with the synonym words and picture (yellow border), 20 with pictures only, and 40 with the words (blue border). Teachers can use their discretion on which sets to use. This is helpful for working with a wide-range of learners. Higher achieving students can use the cards with the words, while struggling students may need picture and word support.

There are 20 posters for each set of synonyms and 1 poster with the synonym definition. These are great for classroom decorating and using during lessons. In addition, there are assorted activity sheets included and an 'I Have...Who Has' Game.
