When Should I Keep My Child Home?

Knowing when to keep your sick child home is more important than ever during this pandemic. The CDC has published a Daily Home Screening tool to help parents do a quick check of symptoms. Click [HERE](#) to review the screening tool. If a student has had close contact (*within 6 feet of an infected person for at least 15 minutes*) with a person with confirmed COVID-19, the parent should keep the child home and notify Sr. Cynthia Shaffer, principal, right away.
