

- Parent/teacher workshops for parents to learn ways to help child
- More parent nights
- More teacher conferences
- By staying in contact with the parents
- This school is already very informative on child's education
- By sending more reading/books to the home of the children
- Try to help parents get involved more in the meetings
- Everything is fine
- We need to get the parents Spanish speaking kids to help participate more show them that we care about helping them

14. How can the school and district involve parents in the development and implementation of effective Parent Involvement Policies and School Improvement Plans?

- To send in more information on how parents can be involved
- More communication with teachers
- Surveys/ inviting them to meetings
- More Spanish staff at front so parents can communicate
- Work out a good time that parents can show up
- By having more activities where parents can get involved to show them how to help their kids
- I have no complaint, everything is fine
- Through SAC/PTO

15. What suggestions would you have for improving parent involvement activities at this school?

- More parent nights
- Provide transportation
- Scheduling them around good times to attend them
- Have more educational activities involving students and parents
- More activities with kids and parents to help them improve in their work

16. Comments:

- I would like for the school to be safe. Anybody has been able to pick up my children from school and not be asked for ID
- Awesome school
- I love this school! I have no complaints in any area as far as NWES is concerned
- We enjoy being part of NWES
- All is Great!
