

## Dragon Fly Eligibility

All student athletes participating in an MHSAA sanctioned activity during the 2019-2020 school year must create an account on Dragon Fly. In order for students to have an account on Dragon Fly a parent/guardian **MUST** sign up for an account. You must go through the website to create an account and can use the app once your account is created. Students may not participate in practice for Desoto Central until all required documentation is completed online.

**If you play another sport and have already completed a Dragon Fly account you DO NOT need to create another one.**

### **The following forms must be completed:**

1. **Updated Medical & Demographic Info:** This is a series of health related questions about your child. These must be filled out before moving to the next section  
- In this document there is also a space to upload insurance cards and a birth certificate. Using the app you can click on upload document and take photos with your phone.
2. **Electronic Signature Agreement:** Fill out your students name and type the parent/guardian name at the bottom. This will allow you to electronically sign all other documents.
3. **Consent to Disclose:** MHSAA required form authorizes coaches to access student athlete medical information.
4. **Participation and Treatment Consent:** MHSAA required form authorizes coaches to administer first aid in an emergency.
5. **MHSAA Participation Clearance Form:** MHSAA required form giving parental consent to participate in athletics. Students name will already be entered into the document and parents will need to add insurance information and phone numbers.
6. **MHSAA Concussion Information:** MHSAA required form outlining concussion symptoms and policy on return to play. Must be signed by athlete and parent/guardian.
7. **Physical Exam Form:** MHSAA required form, can be uploaded by taking a picture with your phone or you can turn in to coach Coleman and he will upload.
8. **Authorization for Release of Information:** OrthoSouth required form. Authorizes our trainer Brooks Turner to communicate with coaching staff regarding injuries.
9. **Consent for Medical Treatment:** OrthoSouth required form. Authorizes our trainer Brooks Turner to assess and treat injured student athletes.
10. **NFHS Sportsmanship Certificate:** MHSAA required form. WILL BE UPLOADED BY COACH if student athlete has already completed STARSPORTSMANSHIP training. If students have not completed STAR they will need to click through to the NFHS sportsmanship course, sign up for an account and complete the training.

I look forward to working with the powerlifters this season and will be glad to help anyone who has trouble with Dragon Fly. Please let me know if you have any trouble getting set up or filling out documents
