Braden Garrett Summers was the perfect example of the All American boy. Braden loved his family, sports, church, and especially school. Braden was involved in all areas of school. Of course, his first love was sports, but he also enjoyed choir, UIL academic competitions and student council. Whether he was competing in a sports competition or in a UIL choir event, Braden did his best and competed with joy. At school, Braden never confined himself to one specific group of friends. Braden was everyone's friend and made all the students feel a value of self-worth. Braden was especially concerned with the students that seemed to be having a bad day or a student that did not have others at their table. This was classic "Braden". Although Braden was only here with us for a short period of time, he left us many excellent examples to follow on treating others well. Braden left us his character and his values. Braden was the perfect example of JOY... Jesus...Others...Yourself.

This scholarship was created in order to honor those students that are like Braden and want to continue his memory of enjoying life and the gifts and talents they have been given.
