

**California Department of Education  
School Accountability Report Card  
Reported Using Data from the 2016-17 School Year**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### About Our School

Welcome to Dixon High School! As a long-time Dixon teacher, assistant principal, and now, principal of DHS, I am so proud of our community! Our students are not only well-rounded and talented, but also wonderful human beings. As you can see in our mission, we are committed to ensuring all students learn at high levels every day and our staff continues to learn and work together to make this happen for all kids.

As the sole comprehensive high school in Dixon, it is critical that our community feels welcome at our school. Please take the time to visit our school to experience a play, watch a game, listen to a band concert, or participate in any of the myriad events we host every year. If you have questions, please don't hesitate to contact our staff as we are happy to answer them.

We have a saying at Dixon High School that says: "You can't hide that Ram Pride!" We want our student, parents, staff, and community to be proud of our school, and we will continue to work diligently to ensure this happens.

Best,

Stephanie Marquez

Principal

### School Description and Mission Statement (School Year 2017-18)

Dixon High School is a four year comprehensive high school in Solano County. Our mission states: "Dixon High School will develop and integrate the structures and practices necessary to ensure all students learn at high levels. Students will graduate from Dixon High School, college and career ready, prepared for the global demands of the 21st century." It is our belief that all students will succeed at high levels if provided the proper structure to do so. At DHS, it is our vision that students are empowered to reach their personal and academic potential by staff who support and build meaningful relationships with them, that students are engaged in learning by staff who embrace and utilize proven instructional strategies, and that students learn and grow from mistakes in a safe classroom and campus environment fostered by encouraging staff.

Students at Dixon High School have a number of avenues to demonstrate excellence. In addition to robust AP/Honors offerings, students participate in CTE courses, and extra- and co-curricular programs such as athletics, band, FFA, student government, clubs, and drama. We believe that students perform best when given multiple ways to do so, especially in well-run programs that have high expectations of students.

Dixon High School did a WASC self-study in the 2013-2014 academic year in which all staff and stakeholder groups participated. As a result of this self-study, Dixon High School created an Action Plan to continue improving our educational program. At the heart of the Action Plan is our belief that all kids will learn at high levels, and that this starts with teachers working together to improve learning for our students.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### CAASPP Test Results in ELA and Mathematics for All Students

##### Grades Three through Eight and Grade Eleven (School Year 2016-17)

Mathematics (grades 3-8 and 11)	40%	34%	32%	31%	36%	37%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

## Career Technical Education Programs (School Year 2016-17)

Dixon High School offers a number of Career Technical Education (CTE) programs, including: Ag Science, Mechanics, Floral Design, Supervised Agricultural Education Projects, Culinary Arts/Foods, Computer Technology and Multimedia Arts.

The Dixon High School Agricultural Department is known state-wide as a model program. We currently have three teachers working in the program and we offer a wide range of classes. We offer extensive Agricultural Science courses as well as electives. Students in our Agricultural programs get both hands-on and academic experiences to prepare them for college and career.

The Dixon High School culinary program focuses on the safe and healthy preparation of food and entrepreneurial skills. Students in this program have many opportunities to prepare for careers and further study in the food sciences and business.

Every student at Dixon High School must pass an introductory computer technology course. This course also serves as the basis for our two curricular paths: Computer Science and Multimedia Arts. In Computer Science, students learn the basics of coding, web site design, and robotics. In Multimedia, students work with industry standard equipment and software so students leave the program with the skills necessary to continue their education or pursue work in the field. Furthermore, Dixon High School students can earn Adobe Certification through the Multimedia program.

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

#### Opportunities for Parental Involvement (School Year 2017-18)

Parents have a number of avenues to get involved at Dixon High School. Parent organizations include the PTO, Dixon Schools Athletic Boosters, Band Boosters, numerous sport specific boosters, Dixon Sober Grad Night, and ELAC. Dixon High School also hosts a number of information nights to help parents be more involved in their children’s education as does Dixon Unified School District. In addition to Back to School Night and Open House, parents can join us in Cash for College, College Admissions sessions, events, band concerts, plays and musicals, and college applications sessions. Dixon High School parents also serve as representatives on district facilities teams, the districts’ DELAC organization, and LCAP Advisory groups.

Dixon High School also employs a bilingual parent liaison to assist with parent outreach and communication. A parent or community member who would like to be more involved with our school is urged to contact us!

## School Safety Plan (School Year 2017-18)

Student safety at Dixon High School is our top priority. We pride ourselves on our safe campus, as evidenced by our low percentage of violent acts, bullying, and other negative behaviors. Site staff and administration take a proactive approach to student behavior management and the school is transitioning to a PBIS model for behavioral management and student support. Dixon High School staff reviews and updates procedures for evacuations, fire emergencies, and intruders every year. Staff and students are trained on what to do in these incidents, and we have drills to practice for them. Dixon High School employs two part-time campus supervisors to ensure students are safe and conduct themselves in appropriate ways. All teachers have supervisory duties as well, throughout the day. Visitors to campus must come through the front office where they check in and are given a sticker to indicate they are allowed on campus. Dixon High School has a nurse available, first aid kits throughout campus, and we have two AED machines should students, staff, or visitors have a cardiac emergency. All athletic coaches are CPR Certified and current with the most recent research and protocols for injury prevention and treatment including concussions.

**Professional Development**

Dixon High School has invested significant time and effort into ensuring our staff is prepared to teach to the Common Core State Standards and that students are participating in engaging, rigorous education. By department, the following professional development activities have been supported by the school.

**English:** In the past, we have contracted with WestEd to rewrite our English criteria in our English department to meet the expectations of CCSS. All teachers have participated in numerous professional development days. More recently, we have committed to an in-house literacy coach who engages our staff in lesson study teams and, in 2017-2018, this practice has extended to all departments.

**Math:** The Math department has transitioned to a fully implemented CPM program since 2015 and they continue to be supported in their work with the UC Davis Math Project, which has included observation rounds, professional release days, and extensive instructional coaching. The AP Calculus teacher has attended the AP Summer Institute and we are actively including our Math teachers in AVID training as our site begins to extend AVID school-wide.

**Science:** The Science Department has been working with the Sacramento Area Science Project for coaching and professional development as they transition to the new science standards (NGSS).

**Foreign Language:** In the summer of 2015, the entire Foreign Language Department attended the California Language Teachers Association annual conference, where they attended numerous seminars and heard from a variety of experts in the field. Currently, our Foreign Language department contributes greatly to professional development as we implement AVID strategies on site.

**Career Technical Education:** CTE Teachers regularly attend a number of local, regional, and statewide conferences to stay abreast of current trends in their focus areas. Solano County CTE does a full program evaluation with site administration every other year to monitor programs and make changes as necessary.

**Social Science:** Social Science teachers are active in the UC Davis History Project and, in 2017-2018, will be participating in the Area 3 Writing Project. In 2015-2016, teachers were given release days to update their curricula to meet the expectations of the CCSS.

**AVID:** Dixon High School is sending many teachers, every summer, to the AVID Institute. Our school is transitioning into an AVID school-wide program and our AVID site team is an integral group in terms of on-site staff development.
