VI. Students

6.1 Admissions and Attendance

6.1.1 Compulsory Attendance and Entrance Age – All persons between the age of six (6) and seventeen (17) years of age are required by state law to attend school for the minimum number of scholastic days prescribed by the State Board of Education unless the person holds a certificate of exemption issued by the Superintendent or is otherwise exempt under state law.

a. Kindergarten Age Requirement – A student must be five years old on or before September 1, the date set by State guidelines, to be admitted for kindergarten for the current school year.

b. First Grade Age Requirement – A student must be six years old on or before December 31, the date set by the State guidelines, to be admitted to the first grade for the current school year. A student who has successfully completed a qualified out-of-state kindergarten, according to that state’s entrance code, during the past year and is not six years old by the date set by the State guidelines can attend Grade 1 in the Limestone County Schools. Appropriate documentation must be presented. A student who started Grade 1 in another state, according to that state’s entrance code, and is not six years old by the date set by the State guidelines, is considered a transfer and admitted to school to continue in Grade 1. A student transferring to Limestone County Schools from private schools within Alabama may enter first grade only if the state age requirement for entry has been met.

6.1.2 Admission to Schools

a. Resident Students – School-age children who reside within Limestone County, Alabama, and not within the limits of a city operating an independent municipal school system, may be admitted to Limestone County Schools. For purposes of this policy, the residence of the student will be the residence of the custodial parent or legal guardian. No such presumption attaches to temporary transfers of parental powers under Ala Code §26-2A-7. If custody of the child is shared, alternating, or unclear, or if the child does not reside with a custodial parent or legal guardian, the domicile or actual physical residence of the child will control, except when there is evidence that the claimed residence of the child is not his actual residence, or that the claimed residence is fraudulently given as a means of avoiding or violating admission, enrollment, attendance, and residency standards and requirements.

[Reference: Ala. Code §16-28-3]
b. **Non-resident Students** – The Board may permit students who do not reside within the Limestone County School District to attend schools within the school system. The Board may establish criteria for admission of non-resident students, and may require the payment of tuition as a prerequisite to enrollment. The Board will not provide transportation to and from school or homebound instruction outside of the county limits of Limestone County, Alabama.

c. **Homeless Students** –

   (i) **Enrollment.** Homeless students will be permitted to enroll without regard to residency status and will not be denied services offered to other students in the school system. Homeless students may also be entitled to other accommodations under federal law.

   Homeless students will continue in the school they attended before becoming homeless for the duration of their homelessness, or for the remainder of the academic year if the student becomes permanently housed during an academic year. Otherwise, a homeless student may be enrolled in any school in the system that non-homeless students who live in the attendance area in which the student is living are eligible to attend.

   (ii) **Dispute Resolution.** When a dispute arises regarding school placement, the system will immediately enroll the homeless student in the school in which enrollment is sought by the parent, guardian, or unaccompanied youth, pending resolution of the dispute. The school will provide the parent, guardian, or unaccompanied youth with a written explanation of the decision, a statement of the right to appeal, and the procedure for appealing the placement decision. The principal of the school will notify the Board’s Homeless Liaison of the dispute.

   (iii) The Homeless Liaison will expeditiously carry out the system’s dispute resolution procedures as detailed in the Board’s homeless student plan.

d. **Students in Foster Care** – A child in foster care will remain in his or her school of origin, unless it is determined that remaining in the school of origin is not in that child’s best interest. If it is not in the child’s best interest to stay in his or her school, the child will be immediately enrolled in the new school. Children in foster care may also be entitled to other accommodations under federal law.

e. **Students Expelled or Suspended from Other School Systems** – Any student who is under suspension or expulsion from another school system or a private, parochial, or other school will not be permitted to enroll until the student has satisfied the conditions for readmission set by the expelling or
suspending board or authority in addition to generally applicable admission requirements established by the Board which may include temporary attendance at the alternative school.

f. **Required Documentation** – Students entering the school system for the first time, regardless of grade level, are not required to submit a birth certificate, but may be requested to submit a birth certificate or another form of acceptable documentation to verify the student’s age. A social security number may also be requested, but such request is voluntary and is not a requirement of enrollment.

In addition, students may also be required to submit other registration materials as school officials may reasonably require, including, but not limited to, a certificate of immunization or an exemption as prescribed by the Department of Health and signed by a private physician or appropriate health department official.

The enrollment of homeless, migrant, and immigrant students, children in foster care, and limited English proficient children and youth shall not be denied or delayed due to any barriers that are specifically prohibited by applicable law, which may include the following:

- Lack of birth certificate
- Lack of school records or transcripts
- Lack of immunization or health records
- Lack of proof of residency
- Lack of transportation
- Guardianship or custody requirements
- Lack of social security card

g. **Placement of Students** – The Board will determine the placement of newly enrolled students in accordance with state law.

6.1.3 **Attendance Zone and Class Assignment**

a. **Attendance Zone Assignment** – Students will be assigned to the school serving the attendance zone in which his parent(s) or legal guardian reside(s). A student whose parent or legal guardian moves from one attendance zone to another during the school year will be transferred to the school attendance zone in which the new residence is located. The student may be permitted to remain in the school attendance zone that serves the former residence until the end of the semester with the approval of the Superintendent. A parent or legal guardian who has documented plans to move to a new attendance area during the first or second grading period of the school year may have his child enrolled in the school serving the new residence upon approval by the Superintendent.
b. **Class Assignment** – Principals will assign students to classes in keeping with school accreditation standards and any procedures or criteria that may be established at the system or school level.

6.1.4 **Absences and Excuses** – Students are not permitted to be absent from school without a valid excuse. Absences will be designated as excused or unexcused. Excused absences will be permitted for the following reasons:

- Personal illness
- Hospitalization
- Emergency
- Death in immediate family
- Court subpoena
- Religious holidays
- Absences approved by the principal

Documentation supporting an excused absence must be submitted in a timely manner or the absence will be deemed to be unexcused. Excessive unexcused absences may result in a loss of academic credit or referral of the matter to juvenile or other appropriate legal authorities for investigation.

6.1.5 **Truancy** – Parents or guardians are required to ensure that students under their care, custody or control attend school regularly. Habitual or excessive absence from school may require Board officials to refer the matter to juvenile authorities or to initiate truancy proceedings.

### 6.2 Transfers and Withdrawals

6.2.1 **Transfers** – The Board may permit transfers between schools within the school system for good cause. Transfer requests must be submitted in writing and must include detailed reasons for the request. The Superintendent may approve or deny a transfer request in light of the stated reasons for the request, the capacity and resources of the schools, the student’s record (including behavior, grades, attendance, and other factors), and the best interests of the student and of the school system. The existence or availability of a transfer process does not create or give rise to any right to attend a particular school, and school assignment remains wholly with the discretion of the school system.

6.2.2 **Withdrawals** – No student of compulsory attendance age will be permitted to withdraw from school except in accordance with state law and any withdrawal procedures that may be developed by the Superintendent.

[Reference: Ala. Admin. Code 290-3-1-.02]
6.3 **Student Fees, Fines, and Charges**

Reasonable fees, fines, and charges not prohibited by law may be established by the Superintendent. All such fees, fines, and charges will be collected and accounted for in accordance with the procedures, rules, and regulations to be developed by the Chief School Financial Officer or as provided in the Board finance or local school finance manual(s).

6.4 **Concussions**

Drawing on such medical and other authoritative publications and resources as may be available, the Board will:

a. Develop materials and information that are designed to educate students and their parents or guardians about the nature of concussion and brain injury and the risks of continuing to participate in athletics after receiving a concussion or brain injury;

b. Suitably summarize such materials on a concussion and head injury information sheet which is to be provided annually to current and prospective student athletes and their parents or guardians. Prior to the student’s participation in practice or competition, the head coach of the team must obtain and keep on file a copy of the information worksheet signed by the team member and his or her parent or guardian.

c. Develop a program designed to educate coaches on how to learn to recognize the symptoms of a concussion and how to seek proper medical treatment for a person suspected of having a concussion. The training shall be provided by qualified medical personnel or persons with special expertise in recognizing and responding to concussions and brain injuries, and shall be offered to every coach prior to the beginning of practice for the athletic team that he or she coaches.

d. Promulgate or otherwise inform coaches of the statutory requirement that a youth athlete must be removed “from participation and may not return to play the day of the injury and until the athlete is evaluated by a licensed physician and receives written clearance to return to play from a licensed physician.”

The Board may use information and forms prepared by the Alabama High School Athletic Association as they may be revised from time to time, but nothing in any such materials should be interpreted or otherwise understood to create a duty or standard of care on the part of any person charged with its implementation.

6.5 **Extracurricular Activities**

6.5.1 General – Students may be offered an opportunity to participate in extracurricular activities and organizations. Extracurricular activities must meet the following criteria:
a. The organization or activity must be approved by the Superintendent and must have an assigned faculty supervisor or sponsor;

b. The organization or activity must promote or serve the intellectual, cultural, personal, or physical development of the student in a manner that is consistent with the purposes of public education, the Board’s legal mandate, mission statement, policies, and regulations, and with applicable requirements of state and federal law;

c. The organization or activity must operate under and subject to general supervision of school officials; and

d. The nature of the organization and its activities are not inconsistent with and do not interfere with instructional activities or requirements.

Student participation or membership in such organization activities may be governed by the specific policies of the organization and is subject to review and approval by the principal.

6.5.2 Athletics – Participation in Board sanctioned athletic programs will be on such terms and conditions as may be approved by the Board and any athletic association of which the Board is a member.

6.5.3 Academic Ineligibility – The Board prescribes the following regulations for eligibility in this school system to participate in all extracurricular activities.

Students entering Grades 10 through 12 must, for the immediate preceding school year, have passing grades of at least a 70 composite numerical average and earn the appropriate number of credits in each of six (6) subjects that total six (6) Carnegie units of credit, including four (4) credits form the four (4) core subjects composed of English, science, social studies, and mathematics.

a. Physical education may count as only one (1) unit per year.

b. No more than two (2) Carnegie units may be made up during summer school. If a unit(s) or subject(s) is repeated in summer school, the higher numerical grade for the unit(s) or subject(s) may be used to compute the composite grade average.

c. Eligibility will be determined on the first day of the local school year and will remain in effect for one (1) complete school year. Students ineligible at the beginning of an academic year may become eligible at the end of the first semester if they meet all academic requirements at that time. Bona fide transfers may be dealt with according to the rules of the Alabama High School Athletic Association for sports and rules to be developed by this Board of Education as they pertain to other extracurricular activities.

d. Each eligible student involved in athletics must meet the definition of a regular student as defined by the Alabama High School Athletic Association.
e. Any student who earns more than four (4) credits in the core curriculum in any given year or who accumulates a total in excess of the required four (4) per year may be exempt from earning the four (4) core courses in the succeeding year as long as that student remains on schedule for graduation with his/her class.

Students entering Grades 8 and 9 must, for the immediately preceding school year, have a passing grade in five (5) subjects with a composite numerical average of 70 with all other rules applying the same as to students in Grades 10 – 12.

Students promoted to the seventh grade for the first time are eligible.

For the purposes of this subsection, extracurricular activities associated with athletics are defined as those recognized and sanctioned by the Alabama High School Athletic Association, and other extracurricular activities are defined as those that are sanctioned by a public school that are not related to a student’s academic requirements or success in a course(s). Regular curricular activities are defined as those that are required for satisfactory course completion. School sponsors are required to submit a request for each curricular activity that occurs outside the regular school day and/or school to the principal, Superintendent, and the local Board of Education for approval. Each request for full participation by all students, regardless of academic standing, in a curricular activity will be granted if the principal, Superintendent, and the local Board of Education approve participation in the activity as an extension of a course(s) requirement(s) and it is an event sanctioned by a state/national subject matter association. Notwithstanding anything to the contrary in this policy, student participation in extracurricular activities offered by the school through math, science, band, choral, music, and other courses at events such as athletic events (pre-game, game, halftime, or other breaks), club conventions, parades, amusement park trips and competitions, trips by tour companies, performance at various meetings, etc. are extracurricular, and students academically ineligible under this policy will not be allowed to participate.

[Reference: Ala. Admin. Code 290-3-1-.02(18)]

b. Adequate information regarding the trip (e.g., destination, duration, purpose, educational purpose, mode of transportation, nature and extent of student participation) has been provided to the principal, program director, and Superintendent.

c. Adequate arrangements are made for supervision and other risk management considerations (e.g., parental permission, medical treatment authorization, special insurance requirements);

d. Properly certified and qualified drivers have been selected and arrangements for the costs of the trip (e.g., salary, fuels, maintenance, lodging) have been made; and

e. Superintendent approval of the trip is obtained. Any school events which require an overnight stay must be approved by the Board.

The Board does not assume responsibility for ensuring the safe operation of vehicles that are not owned or operated by the Board.

The Superintendent is authorized to develop additional specific requirements for participation in and travel to and from official events and activities that are consistent with the terms of this policy.

6.7 Student Publications

The Superintendent is authorized to develop rules and regulations regarding student publications. Student publications are subject to and will be expected to meet standards associated with responsible journalism. The principal and student publication sponsor are responsible for the content of such publications.

Sex-based harassment and discrimination complaints should be filed and reviewed under the Board’s Title IX Policy, which can be found in Section 4.13.

6.10.2 **Title IX Coordinator** – The Superintendent is authorized and directed to designate a Title IX Coordinator, whose duties will include but not be limited to receiving and responding to Title IX inquiries and complaints.

6.11 **Student Sexual Harassment**

6.11.1 **Sexual Harassment Prohibited** – Sexual harassment in any form that is directed toward students is prohibited. Persons who violate the policy will be subject to the full range of disciplinary consequences up to and including termination (for employees) and expulsion (for students) as dictated by the nature and severity of the violation and other relevant considerations. If appropriate, the circumstances constituting the violation may be reported to law enforcement agencies or child welfare agencies for further investigation and action.

6.11.2 **Definition** – For purposes of this policy, sexual harassment means unwelcome sexual advances, requests for sexual favors, other physical or verbal conduct or communications of a sexual nature, and any other gender-based harassment, whether initiated by students, school employees, or third parties, when:

d. Demands for sexual favors accompanied by implied or overt promises of preferential treatment or threats with regard to the student’s educational status.

6.11.3 Sexual Harassment Complaint Procedures Authorized – The Superintendent is authorized and directed to establish, implement and revise more detailed sexual harassment complaint procedures that are designed to provide students who believe that they are victims of unlawful sexual harassment with a thorough, discreet, and prompt internal procedure for investigating and resolving sexual harassment complaints. The procedures will be drafted so as to facilitate the gathering of relevant facts and evidence, permit timely assessment of the merits of the complaint, provide an opportunity for informal resolution of complaint where appropriate, eliminate any harassment that is established by the investigation, and prevent any retaliation based upon the filing of the complaint. The procedures will reflect due regard for the legal rights and interests of all persons involved in the complaint, and will be drafted, explained, and implemented so as to be understandable and accessible to all student population groups and ages.

6.11.4 Initial Confrontation of Accused Harasser Not Required – A student who invokes the harassment complaint procedure will not be required to present the complaint to the accused or suspected harasser for resolution. Students will be permitted to report allegations of suspected harassment to any appropriate Board administrator, teacher, counselor, or employee, and such persons have a duty to promptly refer such allegations to the Superintendent or to take such action as may be required by the procedures established under “Sexual Harassment Complaint Procedures Authorized” (6.11.3) above. In no case will any employee who is the subject of a complaint be permitted to conduct, review, or otherwise exercise decisionmaking responsibility in connection with the processing of the complaint.

6.11.5 Notice of Policy to be Promulgated – The Superintendent will promulgate and disseminate this policy and the complaint procedures to the schools and will take such other steps and measures as may be reasonably available and expedient for informing the school community of the conduct prohibited by this policy and the recourse available to students who believe that they have been subjected to sexual harassment.
6.11.6 All complaints which fall under the Board’s prohibition of sex-based discrimination in Policy 4.13 shall be reviewed under the provisions of that policy. The Board will directly notify parents of these policies and procedures at the beginning of each school year and after any substantive changes are approved.

6.13 Student Records

Educational records as defined by law or Board policy will be available for examination and review by authorized persons in the manner prescribed and to the extent required by law. Except where the context requires otherwise, the term “educational records” has the meaning given in 20 U.S.C. 1232g(a)(4). The Superintendent will prepare and present to the Board for adoption and periodic revision a Code of Student Conduct ("CSC"), with input from teachers, school personnel, students, parents and guardians, and other members of the education community and, as appropriate, the community at large. The CSC will comprehensively describe the rules and standards of conduct and discipline that will be maintained and enforced within Limestone County Schools. The CSC will set forth the specific grounds for disciplinary action, the penalties, sanctions, or consequences that may be imposed for a violation of the CSC, the methods and procedures by which violations of the CSC will be determined, and any appeal or review procedures that are available to students. The CSC will incorporate applicable statutory and regulatory requirements, and the hearing and appeal procedures specified in the CSC will conform to applicable statutory and constitutional standards and requirements. The CSC may be incorporated in a student handbook and will be made available to all teachers, school personnel, students, parents and guardians at the beginning of each school year. c. *Personal Searches* – Students may be searched whenever reasonable suspicion exists that the student possesses prohibited materials, illegal substances, weapons, or other items that are reasonably deemed to present a risk or threat to the safety and welfare of the school community. Student searches must be conducted by a school administrator in the presence of another certified school employee and may include a include a frisk or “pat down” of the student, a search of personal items and clothing, or a more thorough search upon specific approval of the Superintendent. Personal searches will be conducted with due regard for the age and gender of the student. Searches that require physical contact between the school official and the
student, removal of clothing, or examination of the student in a way that would implicate privacy concerns must be conducted and witnessed by officials of the same gender as the student and in a way that preserves the dignity of the student to the extent practicable under the circumstances. 6.18 Physical Restraint

6.18.1 General – The Superintendent is authorized to develop written procedures governing the use of physical restraint as required by state law. The procedures will be published in accordance with the requirements of state law.

6.18.2 Definitions

a. “Physical restraint” is direct physical contact from an adult that prevents or significantly restricts a student’s movement. The term physical restraint does not include mechanical restraint or chemical restraint. Additionally, physical restraint does not include: providing limited physical contact and/or redirection to a student in order to promote safety or to prevent self-injurious behavior; providing physical guidance or prompting to a student when teaching a skill; redirecting attention; providing guidance to a location; providing comfort; or providing limited physical contact as reasonably needed to prevent imminent destruction to school or another person’s property.

b. “Chemical restraint” is any medication that is used to control violent physical behavior or to restrict the student’s freedom of movement that is not a prescribed treatment for a medical or psychiatric condition of the student.
c. “Mechanical restraint” is the use of any device or material attached to or adjacent to a student’s body that is intended to restrict the normal freedom of movement and which cannot be easily removed by the student. The term does not include an adaptive or protective device recommended by a physician or therapist when used as recommended by the physician or therapist to promote normative body positioning and physical functioning, and/or to prevent self-injurious behavior. The term also does not include seatbelts and other safety equipment when used to secure students during transportation.

d. “Seclusion” is a procedure that isolates and confines the student in a separate, locked area until he or she is no longer an immediate danger to himself/herself or others. Seclusion occurs in a specifically constructed or designated room or space that is physically isolated from common areas and from which the student is physically prevented from leaving. Seclusion does not include situations in which a staff member trained in the use of de-escalation techniques or restraint is physically present in the same unlocked room as the student; time-out as defined herein; in-school suspension; detention; or a student-requested break in a different location in the room or in a separate room.

e. “Time-out” is a behavioral intervention in which the student is temporarily removed from the learning activity. Time-out is appropriately used and is not seclusion when:

   (i). The non-locking setting used for time-out is appropriately lighted, ventilated, and heated or cooled.

   (ii). The duration of the time-out is reasonable in light of the purpose of the time-out and the age of the child; however, each time-out should not exceed 45 minutes.

   (iii). The student is reasonably monitored by an attending adult who is in reasonable physical proximity of the student and has sight of the student while in time-out.

   (iv). The time-out space is free of objects that unreasonably expose the student or others to harm

6.18.3 Prohibitions

   a. The use of physical restraint is prohibited in the school system and its educational programs except in those situations in which the student is an immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions, including verbal directives or other de-escalation techniques. Physical restraint is prohibited when used as a form of discipline or punishment.
All physical restraint must be immediately terminated when the student is no longer an immediate danger to himself or others or if the student is observed to be in severe distress during the restraint. Any method of physical restraint in which physical pressure is applied to the student’s body that restricts the flow of air into the student’s lungs is prohibited in the school system and its educational programs.

b. The use of chemical restraint is prohibited in the school system and its educational programs.

c. The use of mechanical restraint is prohibited in the school system and its educational programs.

d. The use of seclusion is prohibited in the school system and its educational programs.

6.18.4 Requirements

a. Each local school’s principal or his/her designee and each educational program that utilize physical restraint under this policy will provide staff with guidelines and procedural information regarding physical restraint and will arrange for the appropriate training of those designated staff members that may be called upon to physically restrain a student. This training of designated staff members shall be provided as a part of a program which addresses prevention and de-escalation techniques as well as positive behavioral intervention strategies. The training of designated staff members will be based on evidence-based techniques and strategies when possible. Each local school’s principal or his/her designee or program coordinator shall be responsible for providing periodic reviews.

b. 6.19 Student Suspension (including Students with Disabilities)

In order to maintain order, minimize the risk of potential personal injury, property damage or disruption, or to permit an orderly investigation and evaluation of a suspected violation of school or school system rules, standards, or policies, principals may temporarily suspend a student pending a conference with the parent or guardian of the student and a final
disciplinary decision. Suspension may also be imposed as a disciplinary measure as provided in the Code of Student Conduct. Suspensions will be counted as excused absences. Make up work will be permitted for such absences unless permitting such work under the circumstances would be impractical or impossible, would serve no purpose, would place school personnel at risk of harm, or would be unreasonable in light of the grounds for the suspension. Suspension of students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act (“IDEA”) and its implementing regulations.

6.20 **Student Expulsion (including Students with Disabilities)**

Students may be disciplined up to and including expulsion for certain offenses as permitted by the Student Code of Conduct. Students shall be given due process of law to the extent required by federal and Alabama law. The Superintendent shall develop procedures for student disciplinary actions. Any expulsion decision may be appealed to the Board of Education. A student who withdraws from school prior to the Board’s consideration of a proposed expulsion may not re-enroll in the school system until the Board holds a hearing or other appropriate proceedings regarding the recommended expulsion. Expulsion of students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act (“IDEA”) and its implementing regulations.

6.21 **Electronic Communication Devices**

Personal, wireless communication devices include, but are not limited to, cellular telephones, tablets, email devices, smart phones, laptops or any other electronic communication device. The use of personal, wireless communication devices by students is allowed outside of the classroom instructional time; however, a student may be asked to cease such use if it is disrupting academic or school operations. Personal, wireless communication may be used during instructional time for educational purposes at the discretion of the teacher. When the use of such devices is not approved by the classroom teacher, the device should be put away.

The principal or teachers may also approve the use of such devices during medical emergencies, natural disasters, after regular school hours, at events or under circumstances in which the use of the devices serves safety and convenience without disrupting academic or school operations. Principals and teachers will also have the authority to further restrict or deny the use of personal, wireless communication devices by any student to prevent the misuse, abuse, or violation of school rules regarding the use of such devices. The Board assumes no responsibility for theft, loss, or damage to any personal, wireless communication device and is not responsible for charges which may accrue due to use of the devices during the school day.

School officials may read, examine, or inspect the contents of any such device upon reasonable suspicion that the device contains evidence of an actual or suspected violation of the law, of Board policy, of the Code of Student Conduct, or of other school rules, provided that the nature and extent of such examination shall be reasonably related and limited to the suspected violation.
Additional rules and regulations regarding the use of personal, wireless communication devices and the penalty for violations may be contained in the Code of Student
