

Safety FAQs: **Code Red** and **Code Yellow** Lockdowns

The safety of our students and employees is our number one priority. The Houston County School System has procedures which are implemented if there is a potentially unsafe situation or dangerous incident at a school or nearby. District and school administrators work closely with law enforcement during crises.

Depending on the situation, a school may go into a Code Red or Code Yellow lockdown. A Code Red means that an incident is occurring at school or very nearby; a Code Yellow means that an incident is taking place in the neighborhood or there is a less serious threat on campus. Information is provided below about emergency lockdowns.

Q. When is a **Code Red** called?

A. A Code Red is announced when an incident is occurring on campus or in the immediate vicinity that may possibly endanger the health, welfare and safety of students, employees and others. A Code Red may be initiated at the recommendation of law enforcement or may be based on a campus incident for which the police are also notified.

Q. What happens when the school goes into **Code Red**?

A. The following actions are taken for Code Red:

- An announcement is made over the public address system that the school is in a Code Red lockdown.
- If law enforcement is not already involved, an administrator will call 9-1-1.
- Administrators lock exterior doors and teachers lock classroom doors.
- Students remain in the current classroom.
- Adults bring into classroom anyone in the hallways.
- Movement in the school comes to a halt. No class changes take place until the end of the lockdown.
- Student check-outs are *not* allowed
- Windows are covered, to include classroom door windows.
- If a Code Red is announced, classroom doors are barricaded. Students and teachers also hide out of sight.

Please note: Parents are asked to NOT come to the school during a Code Red because additional traffic will impede public safety response.

Q. What happens if the school is in **Code Red** when school is opening or during dismissal?

A. The incident dictates the best action. Buses and vehicles for car riders may be directed to another location off campus. Law enforcement will advise the best procedures based on the situation. Parents will be notified as soon as possible with information and any instructions that are out of the ordinary.

Q. When is a **Code Yellow** called?

A. A Code Yellow is announced when an incident occurs close to a school, but does not present an immediate danger to students or staff. A Code Yellow may also be called if there is a potential threat on campus which is not serious enough to warrant a Code Red lockdown.

Q. What happens when the school goes into **Code Yellow?**

A. The following actions are taken for Code Yellow:

- An announcement is made over the public address system that the school is in a Code Yellow.
- If law enforcement is not already involved, an administrator is also calling 9-1-1.
- Exterior doors are locked.
- Normal operations inside the classroom continue.
- Controlled movement within the building, based on administrator's recommendation.
- Administrators determine if student check-ins and check-outs are allowed

Q. Who decides to call a **Code Red or **Code Yellow**?**

A. A school administrator ultimately makes the decision to call a Code Red or Code Yellow. This will be based on the emergency and may be at the advice of law enforcement or central office administrators.

Q. How will the students and staff know what to do if a **Code Red or **Code Yellow** is announced?**

A. All schools practice Code Red and Code Yellow drills twice a year.

Q. Are parents notified when a school has a lockdown?

A. Yes, parents are notified if there is a Code Red or Code Yellow through our automated notification system, School Messenger. Because the principal is working to ensure the safety of students and staff during the incident, the message is typically sent out once the lockdown ends.

Q. How are parents notified?

A. Parents of the students affected will be notified through our automated notification system, School Messenger.

Before an incident is the best time for parents to [log into Infinite Campus through the parent portal](#) to check phone numbers listed for general and emergency notifications. [Click here](#) to learn more about this parent portal.

Q. Where may I obtain additional information about procedures during a lockdown?

A. For more information about the procedures, please send an email to the webmaster email account at webmaster@hcbe.net or call the central office at 478-988-6200. Your question will be forwarded to the appropriate school or department for a response. A response will be provided as quickly as possible, but please do not expect a response during a crisis or after regular business hours.

Please note: School and district officials are unable to respond to phone calls, emails or social media messages/posts in the midst of an emergency. Their focus is on keeping students and staff safe from harm. Please be patient. It takes time to ascertain the facts to be able to share accurate and timely information with stakeholders. Communication with our parents will be our first priority and all others secondary.
