Statement of Non-documented District Residency

The *Statement of Non-documented District Residency* should be completed if a parent or guardian requests enrollment of his/her dependent child but is unable to document residence within district boundaries because:

- The parent/guardian and dependent children have established residence with other individual(s) living within district boundaries; and
- The established living arrangement provides that the parent/guardian and his/her dependent children reside within the given domicile without the obligation to pay rent or offer other receipt-able compensations; and
- No other means of establishing proof of residence are available.
