

Training Session Topic #5

5. How to edit my skills, abilities, and talents in My Fit in CCB.

An awesome benefit to CCB is the ability to match peoples' gifts, passions, and abilities with needs in the church. This is accomplished through the My Fit profile. We will not go too in depth about this, but this is accessed through Edit Profile > My Fit. We are asking our congregants to only update "Passions" and "Abilities". If you want to take the Spiritual Gift Survey or Personality Survey, Stacy Bader can assist you with that and then update your results into your My Fit profile.

This information is important. For example, if we are looking people to join a one-time choir for an event, we can get ideas of who would be interested by searching those with the Passion of "Singing" for example.
