

The Randolph County School System (RCSS) has been selected to receive 97,500 masks through “America’s Mask Challenge”!

The masks are being provided by HanesBrands, which has followed CDC guidance to ensure that the masks meet appropriate safety standards.

“America’s Mask Challenge” is a new partnership between United Way Worldwide, the Business Roundtable, and the CDC Foundation. RCSS wants to say thank you for this generous donation and for your help in protecting our students and staff members! See more information about the Challenge [here](#).
