Summary:

Ready Player One is about the death of James Halliday, the creator of a virtual reality simulation known as OASIS. Before he died he made a video to announce that within OASIS there was a hidden Easter egg and the person who could find it would inherit his money and his business. The only clue that he gave was that there were three keys that unlock three gates, and once those were found the Easter egg would be found.

A nerd teenager by the name of Wade Watts is poor in the year 2045 and cannot afford the luxury of the money in OASIS, but he goes to school and spends most of his time in it. He decides to become one of the gunters who seek out the Halliday Easter egg by studying his life and clues. Wade goes through his epic quest to find the Halliday Easter egg before the Sixers, who were people who worked for Nolan Sorrento who wanted Halliday's money to put restrictions on OASIS. Most of the other gunters didn't like the Sixers either so Wade makes friends with other gunters to find the egg and defeat the sixers.

CHOOSE YOUR CHARACTER

Main Characters:

- James Halliday “Anorak” – was a prominent game designer and now-deceased creator of the OASIS.
- Wade Watts “Wade3” “Parzival”- is an 18-year-old protagonist American boy living in a subdivided trailer home with his aunt on the outskirts of Oklahoma City.
- Samantha Cook “Art3mis”- is a high-level gunter in the OASIS and maintains a blog about her exploits in the OASIS that Wade has a cyber-crush on.

READY PLAYER ONE

A man wearing a VR headset and gloves stands in a cluttered, dimly lit room. He is wearing a dark jacket over a plaid shirt and jeans. The room is filled with various items, including a large blue backpack, a desk with a lamp, and a wall covered in papers and posters. The lighting is dramatic, with a bright light source in the background creating a strong glow. The overall atmosphere is one of a lived-in, chaotic space.

Setting:

It is set in 2045 an age of advanced
virtual reality technology called
OASIS.

Conflict:

Wade's major conflict is that he has to find all 3 keys before anyone else, especially a large corporation who has hired professional "gunters" to find the keys and to kill Wade so that they can take over the OASIS. The OASIS is a virtual reality online network where you can play games, attend school and make real money to spend in the virtual world or the real world.

Solution:

Wade started from nothing but became famous and rich upon finding all the keys and winning the Egg with the help of his allies.

A movie poster for the film 'Ready Player One'. It features a young man, James Newland, in a green plaid shirt and jeans, climbing a structure. The background is a vibrant, stylized cityscape with neon lights and a large 'ONE' logo at the top. A circular badge in the bottom right corner mentions the director, Steven Spielberg.
