Parents are excited to tour the SSCS campus when considering our school for their children. New families often share with us their joy in seeing smiling children, warm and friendly teachers, a calm and nurturing atmosphere and the mutual respect shared among everyone at the school. After visiting the classrooms and hearing about the many activities the children are involved with, families recognize the significance of a Catholic Education and the value of a hands on learning institution. Most recently, SSCS shared with new families how the Pre K 3 class learned all the parts of a plant. Seeds were planted and the anticipation of seeing new growth began!

A rabbit visited PRE k 4 as the children learned about the difference between domestic and wild animals. Families visiting the school witnessed the Kindergarten class work on their portraits in the art studio. Students were anxiously awaiting Pi day, a celebration of Math and the excuse to enjoy sharing eat pie in class. Many students were practicing for the Spring Music Event while the 8<sup>th</sup> grade prepares to make the Sacrament of Confirmation. Field day is being planned and is always a fun outdoor time. The Spring Book fair is just a few weeks away. Students are enjoying their Maker Space projects and working hard in the Media Center on their Foreign Language. Second graders celebrated learning Spanish while sharing with other students a fun filled day eating Spanish foods from around the world. Visiting parents become engaged in the different hands-on learning experiences each grade is tackling. A tour of the school campus confirms to all new families that SSCS offers students in every grade level a well-rounded education based in Christian values. SSCS continues to enroll students for the 2018-2019 school year in grades Pre K3 through 3<sup>rd</sup> Grade. Grades 4 through 8 are full at this time but students can be placed on a wait list. Families considering SSCS for the coming school year are encouraged to visit the school campus. We welcome the opportunity to talk to new families about all the new and exciting learning experiences offered at every grade level. Please call Nicki Gallagher in the School Office for additional information.

#### MISSION STATEMENT

St. Stephen Catholic School is devoted to inspiring students to achieve their full academic potential while demonstrating a desire to continue Jesus' mission by applying Catholic morals, beliefs, values and practices in their everyday lives. We are committed to motivating students to sustain a lifelong love of learning.
