Welcome to Kindergarten!

Kindergarten is a year of learning how to read and write, add and subtract, and learning about the world around them. We will have centers with games in both ELA and Math that will enhance learning. We will talk daily about our creator and learn some of the miracles he has performed, such as creating our world and all that is in it.

Attached is our summer work packet which includes a sight word list for Kindergarten.

Students should enter Kindergarten knowing how to write/spell their first and last name. They should also know their full address and phone number and how to tie their shoes.

To prevent the "summer slide" have students recite/write their ABCs, (both upper and lower case), and write/count their numbers all the way to 100!

Lastly, there are fun ways to read books through an online program called MYON. This is a program through your local libraries here in Hillsborough County. You can go to your nearest library and sign your child up for free. Your child will then be able to read themselves or have books read to them through this online program.

We know summer is a time for fun and family, but we can't express how important and helpful it is for the students to enter Kindergarten knowing the above mentioned.

We hope you have a great summer and look forward to next year!

Blessings,
Mrs. Wierbonics and Mrs. Moll

Summer Review (June)

Monday	Tuesday	Wednesday	Thursday	Friday
*Listen to or read a story. *Look for 5 things around your house that start with the letter **A**.	*Listen to or read a story. *Find 10 words that rhyme with ***cat*** in books or magazines.	*Listen to or read a story. *Draw a picture of your favorite animal.	*Listen to or read a story. *Look for things in your house that are shaped like a square.	*Listen to or read a story. *Practice your sight words.
