## Holly Springs School District (4720007) NO Child Holly Springs Jr

The No Child Left Behind Act of 2001(NCLB) requires each state to use a unified accountability model. School, district, and state report cards that contain the following accountability information must be produced and made available publicly.

Left Behind 2012-2013 School Report Card

## **State Accountability Information**

Mississippi's unified accountability model has both a state and federal component. The state component is not regulated by the requirements of NCLB resulting in some indicators of success in the state component differing from those in the federal, or NCLB, component. Additionally, in some instances the state and federal model use different measures of the same indicators. For example, NCLB requires the use of a 4- year graduation rate, whereas the state component uses a 5-year graduation rate.

	Current Year	Prior Year
Accountability Status:	В	High Performing
Quality of Distribution Index (QDI):	170	171
Growth Status:	Met	Met
5- Year Graduation Rate:		

High School Completion Index (HSCI):

Notes: Only districts and schools serving grades 4 or higher are assigned an Accountability Status and Growth. Possible Accountability Status : A, B, C, D, F.

## NCLB Annual Measurable Objective (AMO)

A district or school is responsible for making annual measurable objective (AMO) in three areas: Reading/Language Arts, Mathematics, and a third academic indicator referred to as the "Other Academic Indicator." The "Other Academic Indicator" for schools without a grade 12 is the attendance rate. For schools and districts with a grade 12, the indicator is the graduation rate.

If a district or school does not meet AMO in any one of the three areas, the district or school is considered to have not met AMO.

	Current Year	Last Year	
School AMO Status:	Not Met	Met	
Reading/Language Arts Status:	Not Met	Met

#### **Teacher Quality**

NCLB Measure	Percent	Number p	percent is based on
Core Teachers Who Are Highly Qualified:	99	12	FTE Teachers
Teachers with Emergency/Provisional Certification:	0	12	FTE Teachers
Courses Taught by a Highly Qualified Teacher:	99	65	Courses
Courses <b>NOT</b> Taught by a Highly Qualified Teacher:	2	65	Courses

Teacher and course counts reflect NCLB core academic subjects only. These counts represent the denominators for calculating the percentage values. Teacher counts are based on Full-Time Equivalents (FTE).

### **Assessment Participation Rates**

While NCLB requires the testing participation rates of the following groups of students to be reported in Reading/Language Arts, Mathematics, and Science, not all subgroups are considered separately when determining adequate yearly progress. Additionally, although NCLB requires the reporting of participation rates for the Science assessment, the results of the Science assessment are NOT used in AMO calculations. For those groups of students used in AMO calculations, NCLB requires that a minimum of 95% of all students in the group must be tested.

## Exemption of Recently-Arrived Limited English-Proficient Students from State Assessments

NCLB allows for a one-time exemption of language arts and/or mathematics scores for recently-arrived LEP students. A recently arrived LEP student is defined as a LEP student who has attended schools in the United States (not including Puerto Rico) for less than 12 months. (Counts less than 10 students suppressed)

# National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) provides results on subject-matter achievement. NAEP does not provide scores for individual students, schools, or school districts. NAEP results are based on representative samples of students in grades 4 and 8. The NAEP is administered every two years; the most recent results are reported below.

8	254	264	65	75	21	32	269	283	58	73	19	34	

#### Percent of Students Scoring Proficient and Above

Notes: Percentages 0-4% are reported as 4% and percentages 96-100% are reported as 96%.

#### ESEA ANNUAL MEASURABLE OBJECTIVE

The NCLB requires the reporting of the results of a district or school in meeting annual measurable objective (AMO) in Reading/Language Arts and Mathematics by subgroup. The results are shown below. The Achievement Index assigns 1 point for students scoring Proficient and Advanced and a half point for students scoring Basic. The AMOs were established based on student performance in 2011/2012.
