

First Grade Animal Museum This is the final project for their unit of study on animals. An example of our hands-on, cooperative learning approach to education.

WE NEED YOUR HELP...

Maintenance and repair costs at school have well exceeded our planned budget this year. A facilities plan to replace items over time was not created in the past. We now have this plan, but are now having to replace and update many of these items in a single year at great cost.

Here are some of our recent & upcoming expenses due for this school year:

- Pay off the loan on Angel's Wing - \$125,000
- Seven Air Conditioners to be replaced - \$120,000
- Cleaning, Sealing, Priming and Painting, the exterior of the school - \$80,000
- New Media Center flooring and library bookshelves - \$25,000
- Breezeway awning between main building & Angels Wing—awaiting estimates
- LED lighting to reduce monthly costs and maintenance—awaiting estimates
- New gates to better secure the main building & Angel's Wing- awaiting estimates

While there is savings to cover some of these expenses, it is not enough to meet our needs.

If you would like to talk to us about how you could help, please call Principal Umoh at 813-741-9203.

Thank you for your support and generosity.

MISSION STATEMENT

St. Stephen Catholic School is devoted to inspiring students to achieve their full academic potential while demonstrating a desire to continue Jesus' mission by applying Catholic morals, beliefs, values and practices in their everyday lives. We are committed to motivating students to sustain a lifelong love of learning.
